ORDER:

In the letter read above, the Chief Engineer, Minor Irrigation, Hyderabad, has submitted an estimate for the work “Breach filling and Improvements to Patha Cheru, Kurraram Village, Rajapet Mandal, Nalgonda District”, to accord administrative approval for Rs.108.40 lakh under Normal State Plan funds stating that the above tank was constructed 100 years back and having an ayacut of 237 acres. The bund was constructed from Ch.0.00 to Ch 25.00 long back and later in the year 1966, the bund was extended from Ch 25.00 to Ch 42.00. The total length of bund is 840 m and length of weir is 120 m. Due to sandy type of soils, seepage all along the bund appeared. In the year 1973, two bungas were formed and breached in two places and the same are closed in 1987. The tank is fed by the surplus water of Jala Cheru. During the month of October, 2010 the tank is breached, due to piping action underneath the bund. The seepage water is seen flowing into nearby open wells. The three sluices were closed in the year 1998. Temporary ring bund was formed to protect the existing crops. The top layer of the existing weir is disturbed. The body wall to a length of 10.00 m is collapsed to a height of 0.45 m. Hence, it is proposed to take up improvements to the bund from Ch 0.00 to Ch 56.00 and breach filling from Ch 20.50 to Ch 24.00 providing B.C blanket and improvement to weir for optimum utilization of water. Further, he has stated that an amount of Rs.19,082/- required for the component of jungle clearance is proposed under MGNREGP. Hence, he has requested to accord administrative approval in the matter.

2. Government, after careful examination of the matter, hereby accord administrative approval for Rs.108.40 Lakh (Rupees one hundred and eight lakh and forty thousand only) for the work “Breach filling and Improvements to Patha Cheru, Kurraram Village, Rajapet Mandal, Nalgonda District”.

3. Out of the amount sanctioned in para 2 above, an amount of Rs.108.20918 Lakh shall be debitable to the Head of Account “4702 MH 101 – Surface water – GH 11 Normal State Plan – SH (21) Restoration of MI Tanks – 530 Major Works / 531 Other Expenditure”.

4. The Rural Development Department have agreed to include an amount of Rs.19,082/- for the component of jungle clearance under Shelf of Projects to be taken up under MGNREGP. Hence, the remaining amount of Rs.19,082/- shall be met from MGNREGP funds.

5. The Chief Engineer, Minor Irrigation, Hyderabad, shall take further action accordingly.

6. This order issues with the concurrence of Finance (Expr.PW) Department vide their U.O.No.20556 / 767 / A1 / Expr.PW / 12, dated 2.8.2012, and PR & RD (RD) Department vide their U.O.No.20290 / RD.II / A1 / 2012, dated 1.9.2012.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
